OBJECTIVE

Computer Science Graduate specializing in backend engineering.Technically proficient in python and flask,with a deep understanding of MySQL and database management.Committed to writing efficient,high-quality code and staying at the forefront of emerging technologies and networking .Proven track record of delivering functional API solution during academic and project-based work.

SKILLS

Technical Competencies:
Languages – Python , HTML , CSS ,Bootstrap , JavaScript , React JS
Database – SQL , MangoDB
Framework – Flask,Beautifulsoup
Behavioral Skills:
Problem-solving , Adaptability , Good Communication Skill , Team Management , Flexible

EDUCATION

Bachelor Of Computer Science Engineering(B.tech C.S.E) Aug 2022 – April 2026
Centurion university of techonology and management(Odisha)
CGPA:8.10/10

Higher Secondary Education (Class XII) March 2021- April 2022
Jan Sahakari College(Barap)
Percentage: 70.2%

Secondary Education(Class – X) March 2018- April 2019
Mother Teresa Public School(Dularpur)
Percentage : 62.8%

PROJECTS

- Job Search assistant : Used HTML , CSS , JS for Frontend and Machine learning ,Flask , BeautiFul Soup for Backend SQl For database
- AI Virtual Assistant : Used HTML , CSS , Java Script for Frontend and Python , Rest Api for Backend

CERTIFICATIONS

- 16th International Conference in recent Engineering and Techonology May, 2025
- Codekaro India(CSS) Mar, 2025
- GFG (<CUTM >Training Program for Java Dec,2025
- Cisco Networking Academy (Python) July,2024

HOBBIES AND INTEREST

- Traveling , Listening Music
- Playing Cricket and Volleyball
